STRIKE WHILE THE PLANET IS HOT!

Pass all the evil laws you want.

WE WILL BREAK THEM.

Demand decades of our lives at the lowest possible wage
so we can increase your wealth and destroy our planet.

WE WILL REFUSE TO BE BOUGHT.

Tell us what to think about, what to think and who to hate.

**WE IGNORE YOUR PROPAGANDA, THINK FOR OURSELVES,
AND REJECT HATE.**

...

This entire civilization is an exploitive sham. It is 100% dependent on the full cooperation of the billions who are exploited.

We are wholly withdrawing our support in stages. We will prevent climate collapse, and establish a better society based on the values of respect for Nature, for our short tragic yet wonderful lives, and love for each other.

You can join us, or continue with the miserable scheme that is already failing.

WE CHOOSE LIFE, LOVE AND OUR BEAUTIFUL EARTH
